

Cedar Grove Board of Directors – Interpretations and Clarification of Governing Documents

Article VI, Section 15 – Clothesline – 06152018 – In conversation, the Board agrees that the interpretation of clothesline covered by this section is meant as a permanent fixture or apparatus. The Board does not believe that “clothesline” pertains to an assembly assembled for a couple of hours to temporarily dry something. Now, if the temporary structure becomes a permanent fixture, it would then fall under this section of the C&Rs.

This summary reflects the interpretation of the Board at the June 13, 2018 Board of Directors Monthly Meeting.
