Cast Iron Bracket Repair

Several of the mailboxes that had the cross bracket broken (common problem when hit) have been repaired, including the HOA club house. The repair consists of inserting a stainless steel rod and welding the pieces together. The repairs done to date have been stronger than the original bracket. The following company has been used.

Atlantic Fabricators, Inc.
7331 Industry Drive
North Charleston, SC 29418
843-552-9572
843-552-9575 (fax)

Cost as of July 2015, \$125
